

Additional Email to Commonwealth Members, 3/20/2020

As an update to the previous email you received, traditionally, we've provided updates to members only based on proposals we've received in writing from the employer. We asked for three weeks of additional paid leave. We did land on a verbal commitment from the Commonwealth that all Commonwealth members will receive two *additional* weeks of leave sometime early next week, which they are working to finalize. We'll continue to advocate for the Commonwealth to make the changes needed to ensure your health and safety during this crisis.
